The Car promises to reimburse land holders for property they have sold to the peasants. Paying the peasants for their years of toil would be more to the point.

Cables on the status of the transport needs are not especially clear. The damage reported has varied from thousands of dollars to twenty-five. It is hardly probable, however, that an alleged twenty-five dollar injury to cargo would delay the steamer ten days.

Land Commissioner Pratt appears to have a lot of friends in Waiohine. What the public wants to know is how many of the settlers are bona fide applicants for land with the purpose of cultivating the soil themselves, and how many expect to take up land with the purpose of organizing a corporation and hiring Japanese to do the agricultural labor?

The difficulty with the present content situation seems to be that the law was changed to suit conditions when the other fellow was in contempt and wanted to keep out of jail. This is one of the standing difficulties with the wise plans laid by alleged wise men of Hawaii. They are forever forgetting the real justice in any proposition, also that in the course of events conditions may be reversed, and the manufacturer caught in his own trap.

GOOD ROADS FOR NATION

Hawaii has had the subject of good roads on the brain since industry and energy and progress began to be felt in the development of the island districts. "Give us good roads" has been the cry from town and country. Legislators can swear to it that the people of Hawaii are never satisfied until they get them.

Also be it said to our credit that the various Legislatures of the old centralized system of government and now the Supervisors of the Counties have devoted themselves to the satisfaction of this general demand with very excellent results.

The public sentiment of the Territory is such that it should have an immediate friendship for what is known as the "Brownlow Bill" movement before Congress. The measure ardently urged by Congressman W. P. Brownlow of Tennessee provides for a Government subsidy in road construction. It is a long step toward paternal government for the United States to take and many sessions may pass into history before Brownlow will be successful. The influence of the auto, however, is having its effect in arousing the residents of the city to the needs of the country. The men of the country have always been awake to the situation. With these combined forces, it would seem feasible that eventually Congress could be convinced of the necessity for aiding the construction of main roads throughout the country. New York is carrying out the same plan in providing for the construction of State roads.

Congressman Brownlow has written of his purpose and his ambitions for good roads in an article published by Collier's. In this he says a great many things to which Hawaii will respond with a hearty "koko". Among others he says:

"The proposition to have the Government aid the States in the improvement of highways, as embodied in the bills now before Congress, means only to discharge a national obligation. The Government belongs to the people. In its control there is a community of interest involved. The necessity for Government aid to good roads is so plainly apparent that it is outside the domain of controversy. Bad roads in

THE MEDICAL SENSATION OF THE AGE—THE DISCOVERY OF PE-RU-NA

BY DR. S. B. HARTMAN.

Other Remedies Failed—Pe-Ru-NA Cured.

Mrs. Chas. Steinecke, Stoughton, Wis., writes: "My experience with Peruna has been most pleasing. By carefully leaving a heated ball room I got thoroughly chilled and caught a heavy cold which settled on my lungs. I wore a protector, took many remedies for cold without success. With my other troubles I had catarrh of the head. "Peruna was recommended to me and I bought a bottle and soon began to improve. I kept on taking it and it cured me from all my troubles. I am pleased to testify to its merits."

The World's Greatest Medicine

The rapid growth of the Peruna Medicine Company is as phenomenal in the business world as the universal popularity of their famous remedy, Peruna. The plant covers a number of acres, and employs several hundred people. No other medicine firm in the world reaches anything like the volume of business done by Dr. Hartman's firm.

Although Peruna is a proprietary medicine, the details of its compounding are no secret and nothing gives Dr. Hartman greater pleasure than to show many friends of Peruna all the essential processes by which Peruna is made.

A Doctor's Prescription.

For years Dr. Hartman used Peruna in his private practice as a regular prescription. He had no thought of manufacturing it or advertising it as a proprietary medicine until there was a demand made upon him by his many friends, who clamored for the original prescription.

Forty Thousand Patients.

Dr. Hartman estimates that he must have prescribed Peruna for over forty thousand patients before it was advertised as a proprietary medicine.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply, should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

Cured in Four Weeks of Severe Cold on Lungs.

Miss Josie Schaezel, R. R. No. 1, Appleton, Wis., writes:

"I contracted a severe cold which settled on my lungs in very short order and it was not long until it developed into a serious case of catarrh. Every morning I would raise a lot of phlegm, which was very disagreeable. My digestion was poor and my lungs sore.

"After a few doses of Peruna, I began to mend, and felt that if I kept on taking it, it would not be long until I would be well. I was right, for in four weeks I was well again."

"I think Peruna is a grand medicine, and wish to add my testimony to the many others you have,"—Josie Schaezel.

Peruna has no bad effects upon the system and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years.

Given Up By Doctors—Cured By Pe-Ru-NA.

Miss Margaret Fahey, 49 Adams street, Troy, N. Y., writes:

"We have used Peruna in our family for years and I am very pleased to say that it cured me of catarrh of the lungs when the doctors gave up all hope of my recovery."

"I used Peruna for six months and at the end of that time my cough had disappeared, my appetite was much better and I had gained ten pounds and looked like the picture of health."

"I am in perfect health, now, and feel that Peruna not only cures catarrh, but builds up the system, and is therefore a grand medicine."—Margaret Fahey.

Peruna is not like so many other remedies that pass away as soon as the first few bottles are used. The longer Peruna is used in any community, the more popular it becomes.

Peruna has no bad effects upon the system and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years.

Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply, should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A.

MAUI TO GRAPPLE WITH THE TERRITORIAL AUDITOR

(Special to The Bulletin.)
Waikuku, Feb. 2.—The executive of the Republican County Committee will meet in Waikuku next Monday, 5th instant, to discuss matters of vital interest to this county.

The Board of Supervisors will meet as usual on Tuesday, 6th instant, and will probably adjourn next Thursday or Friday. The Territorial Auditor has written to the County Auditor relative to the issuance of county warrants by the Auditor, the system heretofore being somewhat slightly in variance with the system now in vogue in the Territorial Auditor's office. The first system was instituted by Mr. Fisher in order to simplify the work of the County Auditor, but he feels now that the latter is capable of carrying the Territorial system. Mr. Fisher, therefore, demands that the County Auditor must issue warrants on the County Treasurer for payment of all claims against the county, and to discontinue the present system of sending simply the approved vouchers to the County Treasurer, and for the latter to issue warrants accordingly. It is understood that the Board of Supervisors do not feel kindly disposed towards the new system and will likely determine on the use of the old simple system. However, if such a condition of affairs will happen, County Auditor Wilcox will be given an opportunity to prove his merit as he has not yet expressed his opinion whether to follow the County Supervisors or Section 89 of the County Act, which states that "it shall be the duty of each County Auditor to

see that the instructions of said Territorial Auditor * * * are carried out."

MANY HAPPY DAYS

(Special to The Bulletin.)
Waikuku, Feb. 2.—The officers of the Gee Kung Tong Society gave an elaborate Chinese dinner or "Yat fan" at Tai Chong's establishment last Saturday afternoon. Among the invited guests were Hon. A. N. Kepohai and Messrs. E. H. Hart, W. T. Robinson, Geo. Wright, W. F. Crockett, P. Goodness, M. Kauihau, Dr. W. R. Boone, Capt. W. E. Bai and others.

On Sunday, January 28, Dang Wing of Chong Yuen Co., Kahului, entertained a number of his native and haole friends to a Konohi dinner. The gentlemen sat down to the first table, while the second table was reserved for the exclusive use of the ladies. While the gentlemen were enjoying the hospitality of their genial host, one of the gentlemen present advanced to the table where the ladies were seated and set off a bunch of fire crackers in honor of the "Chinese Goddess of Beauty." while the banquet hall was enveloped in smoke, but the ladies stuck to the festive board like veterans, fearing it might be a trick of the gentlemen to deprive them of the kind hospitality of their Oriental host. At any rate, the ladies very much appreciated the innovation provided for their special amusement, and they now proudly declare that they have thus rightly obtained the enviable title of "Modern Maids of Orleans," won not on the cruel field of battle amidst the raging of cannons and musketry, but within the peaceful walls of the banquet hall, and what more, they all emerged from the tang-bang and thick smoke of fire crackers without accident or even the least scratch. They were very brave indeed.

Among the passengers on the Kinai this morning from Hawaii was C. Horswell, who for ten years was engineer on the Pepee sugar plantation. He is accompanied by his wife, Ernest Parker, Frank Halstead and E. P. Low from the Parker ranch, were also passengers on the Kinai.

Cheong Hoo and Ah Moon were arrested just before noon by the police for operating a che fa lottery. They were put under bonds of \$50 each to await trial.

SMALL TIDAL WAVE.
Hilo, Feb. 1.—People along the water front at 5:30 last night had a shock, which lasted but a few minutes but was strong during that time. Without a moment's notice the sea receded and that part of the ocean bed a few hundred yards from shore was as dry as the Red Sea when Moses crossed dry shoes. Then in a moment the water came shoreward and covered the floor of the old wharf at the foot of Waianuene street. The waters rushed up the Waikuku until instead of the water coming over the bank, it flowed up stream. This is the first wave of any size since 1881. No damage was done at this time, the tracks of the Hilo Railroad Co. were covered between Waikuku and the depot uptown, but the train came in as usual.—Herald.
